EDUCATION

INDIAN INSTITUTE OF TECHNOLOGY PATNA   year- **2026**
Bachelor of Scince(computer science and data analytics) - *SGPA - 7.89*   *Bihar, India*

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript
Web Development: HTML, CSS, ReactJS, NextJS
Data Analytics Tools: MySQL, Power BI, MS Excel, Google Sheets
Office Productivity Tools: MS Word, PowerPoint, Google Docs
Developer Tools: VS Code, Replit, IntelliJ IDEA, Git, GitHub

PROJECTS

Financial foresight ☑ | SQl,Excel,PowerBi   **08,2023**

- Utilized Excel to analyze and organize large datasets related to bank loan applications, performing tasks like data cleaning, filtering, and generating key insights

  * Applied SQL to query and extract relevant data from a relational database, performing operations like filtering, aggregation, and joins to generate reports on loan performance, status, and client demographics.

  * Developed and maintained Power BI dashboards to visualize loan data, track key metrics, and provide interactive insights for stakeholders. Incorporated features like real-time data updates, custom queries, and visualizations to support decision-making.

  * Conducted in-depth analysis on loan trends, customer behavior, and financial metrics, identifying patterns that contributed to improving loan offerings and risk management strategies.

-
  Dev Desk ☑ | Html,Css,Javascript,React   **05,2024**
  * * Designed and developed a code editor using HTML, CSS, JavaScript, and React for writing, editing, and testing code.
  * Added features like syntax highlighting, auto-completion, and error detection to improve user productivity.
  * Used React to create reusable components and manage the application state effectively.
  *Ensured the code editor works smoothly on all devices with a responsive design.

INTERNSHIP

ORISON TECHNOLOGY PVT LTD ☑   **Aug,2024-Sep,2024**
Web development—Frontend developer   *Chhattisgarh, India*

- * Developed a dynamic restaurant website as part of a team, focusing on the frontend design and implementation.
  * Collaborated with team members to ensure project requirements were met and delivered within deadlines.
  * Utilized HTML, CSS, JavaScript, and React to create responsive and interactive web pages.
  * Improved website speed and made sure it worked well on different browsers.
  * Gained hands-on experience in frontend development workflows, including task management and version control with Git and GitHub.

ACHIEVEMENT

- *** Received a Letter of Recommendation for outstanding performance during a one-month internship in Web Development, showcasing technical skills and dedication to project success.**
- *** Successfully managed and led a team for a college capstone project, ensuring timely completion and delivery while fostering collaboration and innovation.**

CERTIFICATIONS

- C++ Programing - Saylor academy   • Data Science - IBM
- Internship Certificate in Web Development - ORISON
